Dear Friend:

I am writing to find out if you have received the placards for the game at Dunn Field July 15th between The Eagles and The Yankees. If so are you putting them out.

How do you think we will do? Keep your eye on the newspapers. The ball park is supposed to take care of the newspapers and radio. Let me know how the publicity is.

Please drop me a card, or call me collect. I guess you have seen in the papers how close our league race was. I hope we will win our protest and have to play The Grays for the first half. If so I will try and do a little advertising in Trenton, a game like that should create a lot of interest. The team is really playing good. We have not been getting any pitching, but it looks like they might start coming around now. I hope so.

I will be looking to hear from you.

Very Truly Yours
